

## FEEDBACK NETWORK:

### Mass Distribution

Email Date: On or around September 13, 2013

**SUBJECT LINE:** Feedback We've Received: State Health Care Innovation Plan Draft Preliminary Outline

***This email is being sent on behalf of Karen Merrikin, State Health Care Innovation Planning Project Director.***

Comments provided to us on the State Health Care Innovation Plan's draft preliminary outline are helping us take the plan in a more focused direction. Thank you to everyone who has taken the time to read the outline and provide comments to date.

As the result of continuing discussions, the plan will look significantly different from the original draft outline. If you haven't commented yet on the document and would like to do so, we recommend reading both the [Draft Preliminary Outline](#) and a [Summary of Comments](#) that reflect the thoughts received thus far from Feedback Network members. Let us know what you feel is most important and what still needs to be addressed. Keeping comments concise and brief will help us process everything we receive.

Also, we invite you to [register now](#) for the fourth and final State Health Care Innovation Planning webinar October 15, 11 am to 12:30 pm. During this session, we will present key components of the plan and answer questions.

Thank you again for your continuing participation.

Karen Merrikin

SHCIP Project Director
